Beautiful Bay Roan All Around Ranch/Trail

\$ 9,500

Description

PLEASE READ ENTIRE AD BEFORE CALLING OR TEXTING I DO NOT RESPOND TO EMAILS. This is Montana, and first off this Gelding is seriously BEAUTIFUL we get compliments on him everywhere we have gone with him! However, with the little time we have had with him we have yet to get a picture that truly captures how pretty he, some of the pictures he is wet from a downpour we had and I don't have many pictures but am working on getting more asap that shows how pretty he is the first 6-7 photos are of Montana and the other pics are of some of the others we also have for sale! Montana is 15.1 athletic but MUSCULAR, he is a beautiful 3/4 Quarter Horse 1/4 Arabian. He is fully automatic and does EXACTLY as he is asked, you can rope a 2,000 lb. bull and drag him where you need to or take him on trails, rides double, triple, or loaded down with heavy saddle/overnight bags, been in parades, ridden extensively on ranches, he's ready to work or just pleasure ride he goes where you point his nose and is super easy to get along with, one hand neck reign, open/close gates, been there experienced it all! Stands to mount, tied, for the farrier, ZERO buddy sour/barn sour issues, been on overnight ranch rides, ZERO buck, rear or ugly to him, we have ridden him to town and down the highway multiple times with and without other horses. I can't say anything bad about this boy, he sat over a year before consigned here with us and he rode off as if he hadn't sat a day the first time, we rode him! He crosses water, LOVES water and will play with a water hose if you leave it in his trough and loves to SWIM and if you let him he will gladly go to the deep part of the creek and swim you across! He has been a real work horse, he will drag a sled, or anything you hook him up to and without hesitation. He will catch you anywhere even if you have the halter and saddle with you! This is a nice horse and trained right and would cost someone 3x as much to get one trained like he is he needs someone who at least knows the basics of riding because he is truly automatic and does exactly as he is asked! He has a beautiful nice short lope and smooth very collected trot! He was used as a rodeo pickup horse for a couple seasons, previously on a drill team, used in many cattle feedlots across the country, dragged a few elk out of the mountains and is ready for a good family or someone needing a confident pretty boy to take them wherever they desire to go alone or with other horses. His current owners said they used to do mounted shooting also so we plan to see how he does with a pistol and being shot off of. As soon as we have more pictures and videos we will get them uploaded. We take each horse to our personal vet for a health exam and to verify their ages (if they aren't registered) to ensure they are healthy and the correct age before selling them. We also get a recent Coggins test (if theirs is older than 90 days), their vaccines and their teeth floated if they are due. Additional vet checks or exams are welcome at buyer's expense. Each horse comes with their own personal folder with their records as well! I will attach YouTube video links here to their ads as soon as I can get them! The good family horses are selling before I can get videos of them and or clipped down and uploaded. So, PLEASE feel free to call or text me anytime!
