Description

Duncan & Levi The Dun horse's name is "Duncan". He is a 12-year-old gelding who stands 14.2. The Palomino is "Levi", and he is a very stocky built 10-year-old gelding who stands about 14.3 who rides double, been to town, excellent beginner horse on trails, LOVES water, rode him double up and down stairs in town, I will be attaching a video that the main horse featured is Ninnah however, Levi is in a lot of the video a couple minutes into the video. I am working on getting his video uploaded also. We will be spending a lot of time with these boys as we do with every consignment horse until they sell and or ship to their new forever homes. I have ridden Duncan quite bit and he's a gentleman and a pleasure to ride for SURE, I rode him beside the highway, to the park where one of our local Cherokee county officers got her picture with Mr. Duncan, I rode him bareback with just a rope around his neck, in the open without anything in-between us and the highway, he works off your legs nicely, neck reins,

is easy to catch, loads himself, great for the farrier, just a wonderful joy to ride! TEXT or CALL (No emails) me for the videos I have on my phone If there are not any YouTube video links attached below. We will be riding them to creeks, beside the highway, to town, crossing bridges, testing them in various situations, seeing what skill level of rider is best suited for each of them. We take the information given from their current owners who have them consigned here with us, but we also personally put them to the test in as many situations as we can to ensure we are able to match them with their perfect new forever home! We get many videos and will attach those links when we are able to get them uploaded to YouTube. These beautiful boys just arrived on our farm and came from a large Amish ranch in Wisconsin. They sell the horses around 10 years old as they have younger ones who take their places and at good ages to still be able to find them wonderful forever homes. These nice geldings have been in a few parades, sorted and been around cattle, been ridden by beginners and trail ridden extensively among many other things. We take each horse to our personal vet for a health exam and to verify their ages (if they aren't registered) to ensure they are healthy and the correct age before selling them. We also get a recent Coggins test (if theirs is older than 90 days), their vaccines and their teeth floated if they are due. Additional vet checks or exams are welcome at the buyer's expense. Each horse comes with their own personal folder with their records as well! I will attach YouTube video links here to their ads as soon as I can get them! The good family horses are selling before I can get videos of them and or clipped down and uploaded. So, PLEASE feel free to call or text me anytime!
