Great Trail/Ranch Pleasure Gelding

\$ 7,500

Description

This is Peninnah! We call her Ninnah, she is a 15 year old beautiful super gentle girl who stands about 15 or 15.1 hands tall and is super stocky! She has been used a ton on trails, she is partially gaited (Fox Trotter) so she has a super smooth gait and also lopes SUPER SMOOTH! Ninnah travels out beautifully but happy to just walk just as well. The first 8 pictures are of her, the last set of pictures are a few of the others we have for sale. She has been ridden in the mountains and hills, she belongs to a 72 year old man who lives completely off grid with his wife, they have stopped riding their pair of horses this one and another named Samuel (a black and white paint who has already sold) they have recently decided to sell them since the horses have sat for over a year without being ridden and they no longer ride and all of their grandchildren live out of state and rarely come visit them. Peninnah is in your pocket, super easy to catch, stands to mount from either side, loves affection and has a super dog like demeanor, she has been on many miles of trails, ridden in town, crosses creeks and loves to play in water she has had kids and beginners ride and climb all over her and is a real pleasure to be around! ANYONE can ride her IF they know how to ride at ALL, and even a beginner in a confined area but because she is so light with neck reining and will turn when she is asked, start backing if someone keeps pulling back, will also turn if they put their foot in her she will move away from the pressure, she is super responsive and has a VERY SOFT handle! Her rider (if queuing her correctly) is ALWAYS in control but she feels like a powerhouse under you and if you don't keep her slightly collected she wants to WALK out a bit not take off or run or anything scary but will walk faster. I cant stress enough how easy she is to control and what a wonderful soft handle she has but due to the things I have mentioned she could intimidate a novice or small/young/timid rider if they don't know how to ride. Super gentle and for seasonal riders time off does not affect her at ALL! Before her owners decided to sell them and they got to our farm she had not been ridden in almost two years and we jumped on her bareback in just a halter and lead rope 2 minutes after she arrived and was unloaded off the trailer and she never acted up or acted sour at ALL! She rides double, with heavy saddle bags, NO BUCK, rear, spook or crazy! She is ready for her new family! I will attach YouTube video links here to their ads as soon as I can get them all edited and uploaded. The good family horses are sometimes selling before I can get their videos clipped down and uploaded. So, PLEASE feel free to call or text me anytime!
