### Description

I would like to introduce you to the Beautiful and SUPER SAFE Mr. Comanche! This guy is the real laid back deal, super gentle for ANYONE will go where you point him, been on overnight hog hunting trips, ridden on many many miles of trails, crosses water, loves to swim, crosses logs, been ridden in rough country and isn't afraid to take the lead or fall back and take you wherever you want to go! His first trip to town was recently and I rode him up and down stairs, down main street, across water, loped him down beside passing traffic, he is a true gentlemen and wants to please his rider! He has just arrived on consignment and we will be getting more riding time in at other places, we also took him on a wilderness ride and he loves to trail ride! He stands about 15 hands and is young at only 5 years old this guy has a super long life and SERIOUSLY rides like a 15 year old seasoned horse, he has already been in all the places one may want to travel to and isn't afraid of anything, he has had the miles and experience early on, been with the same family and only being sold due to a personal situation the family is dealing with right now. His description and things he has done is far lengthier then the time I have to type it out at the moment, so there will be much more detailed information and videos soon!
